

Tecoma Twilight Ethical Market

Congratulations! Your application for our Tecoma Twilight online ethical market was successful.

Now for the details!

Please complete the below form as soon as possible so we can get your stall listed on the site. You are invited to include up to 20 products to feature on the site, however this is optional. The maximum file size for each image upload is 10MB.

You will not be able to save your progress, so please complete the form in one sitting so you do not lose what you have entered.

Your payment of \$10 is required by Friday November 6th. Payment details are as follows:

Account Name: Tecoma Parish Uniting Church
Acc: 131789216
BSB: 633 108

NOTE: When paying please put as a reference your FIRST INITIAL and LAST NAME and the word 'MARKET' (i.e. T Johnson Market).

Last year we asked all stalls to contribute a product for use in a fundraising hamper for Foothills Community Care. This year, we are instead inviting stall holders to contribute an item that would be a suitable gift for their Giving Tree drive. Items should be delivered to the church before December 15th. If you are able to get us an item before Sunday Nov 15th, we will promote them live during our launch event.

We would encourage you to promote the event widely through your networks.

We are thrilled that you are on board. Feel free to email us at tecomatwilightmarket@gmail.com if you have any questions.

Please write the description of your business as you would like it to feature on the website

We offer eco-friendly home and personal care product refills in BYO and upcycled containers through markets, deliveries and even self-collection options. We decant bulk shampoos, conditioners, hand/body washes, kitchen and laundry powders along with many multi-purpose cleaners into your clean reusable containers at home that would otherwise be thrown away into the rubbish or recycle bins. We also offer

locally made specialty bath salts, natural tooth powders and clay face masks along with many raw powder ingredients to make up your own natural products at home.

Please write the description of your business' ethics as you would like it to feature on the website

We advocate reusing (instead of recycling) plastic and glass containers throughout our community for multiple purposes, and we source ethical products from bulk wholesale manufacturers with the view to maintaining to our best ability that same principle. Whether it's plant based ingredients with no formaldehyde, no petrochemicals or animals products used, grey water and septic system safe or working with suppliers who allow us to return bulk containers to be reused (therefore contributing both to less 'food miles' as they're local, and less plastic back up the supply chain as well). Our aim is to be purchase conscious not only of the footprint of our products from us to you, but from the supplier to us as well.
