

## Tecoma Twilight Ethical Market

**Congratulations!** Your application for our Tecoma Twilight online ethical market was successful.

Now for the details!

Please complete the below form as soon as possible so we can get your stall listed on the site. You are invited to include up to 20 products to feature on the site, however this is optional. The maximum file size for each image upload is 10MB.

You will not be able to save your progress, so please complete the form in one sitting so you do not lose what you have entered.

Your payment of \$10 is required by Friday November 6th. Payment details are as follows:

Account Name: Tecoma Parish Uniting Church

Acc: 131789216

BSB: 633 108

**NOTE:** When paying please put as a reference your FIRST INITIAL and LAST NAME and the word 'MARKET' (i.e. T Johnson Market).

Last year we asked all stalls to contribute a product for use in a fundraising hamper for Foothills Community Care. This year, we are instead inviting stall holders to contribute an item that would be a suitable gift for their Giving Tree drive. Items should be delivered to the church before December 15th. If you are able to get us an item before Sunday Nov 15th, we will promote them live during our launch event.

We would encourage you to promote the event widely through your networks.

We are thrilled that you are on board. Feel free to email us at [tecomatwilightmarket@gmail.com](mailto:tecomatwilightmarket@gmail.com) if you have any questions.

I am your local (Monbulk) Enjopreneur. ENJO and Sante by ENJO is an ethically produced microfibre cleaning system that uses just cold water to clean the home, garage and skin. I have been using ENJO for

over 16 years to clean my entire home and in that time have not needed to buy a single bottle of cleaner, sponges or wipes. ENJO uses engineered and patented ENJO tex microfibres to clean 6 times better than conventional cleaning with just cold water. Our fibres are ethically made in Austria, and distributed through ENJO Australia in partnership with passionate local ENJO business owners like myself. We are a zero waste (fully upcyclable) and 100% Carbon Neutral company.

**Please write the description of your business' ethics as you would like it to feature on the website**

At the heart of ENJO and Sante by ENJO is a vision to care for the environment and people. ENJO Austria and ENJO Australia are both family owned and run business, ENJO was developed to resolve lake oil spills, ENJO came to Australia with Barb deCorti when she saw the health improvements from reducing chemicals for her asthmatic son. I started my ENJO business for the same reason. ENJO is made to the highest standard and is quality Oeko-Tex certified. Each glove & cloth is handmade with locally sourced materials in Austria, where the highly valued staff enjoy high standard of working and employment conditions. ENJO is reusable for 3 years and all waste is then upcycled or recycled. ENJO is a 100% climate neutral company. We take our intention to be beneficial to those around us very seriously and this includes ethical production and business practice. Ethical for the consumer, ethical for all in the manufacture chain, ethical for the Enjopreneur (Me 😊) and ethical for the planet.
